

ROOSEVELT HAS PLANS FOR YEAR ABROAD FINISHED

Will See Taft Sworn In, Spend
Week at Oyster Bay, Then
Off for Africa.

SAILS ON MARCH 13.

Kermit Goes With Him, and
Mrs. Roosevelt Will Meet
Them in Egypt.

WASHINGTON, Nov. 6.—As soon as
William Howard Taft has taken the
oath of office as President, Theodore
Roosevelt will leave the Capitol grand
stand, drive to the station and take a
special train for Oyster Bay.

The President will remain at Oyster
Bay from March 4 to March 13, when
he will sail for Africa.

President Roosevelt will be accom-
panied by his son Kermit and by two
men of science, one of whom will be a
doctor. The party will sail from New
York March 13 on the North German
Lloyd steamer Koenig Albert, which is
due to arrive at Naples March 25. The
stay in that city will be only a few
hours, just long enough for the party
to transfer to a German East African
steamship.

That ship will carry the four to Kil-
indini Harbor, the port nearest Momb-
assa.

First Overland Journey.

The railroad journey from Mombassa
to Port Florence will be the first stage
of the African journey, a distance of
684 miles through a part of the Con-
tinent that has been opened to civilization
but which nevertheless abounds in
game. Rich men hold thousands of
acres in that part of Africa as game
preserves. One of them is William Mc-
Millan, nephew of the late Senator Mc-
Millan, of Michigan.

He has invited the President to shoot
over his vast estate on which there are
several shooting lodges and other accom-
modations for hunters. That is the
Nairobi country, in which the average
man who goes to East Africa on hunt-
ing expeditions spends most of his
time.

From the time of his arrival until
the beginning of December the Presi-
dent has planned to spend in getting
from Mombassa to Entebbe. The last
mentioned place is the point for the
departure into the real wilderness be-
tween Lake Victoria Nyanza and Con-
dokoro, the frontier post of the Sudan,
a stretch of country that will require
travel on foot and by boat of between
2,000 and 3,000 miles, according to whether
the hunt follows an air line or winds
around between the two points.

Will Avoid the Congo.

While the President will go westward
from Lake Victoria Nyanza, his wander-
ings will not lead him to the Congo
country. At Entebbe the President will
be met by a party of hunters familiar
with that part of the continent between
Entebbe and Gondokoro.
It is estimated that five months will
be required for that part of the trip,
and that the party will arrive at Con-
dokoro about May 1, 1910.

Mrs. Roosevelt is expected to join her
husband at Khartoum.

FIRST REAL SNOW COMES TO TOWN ON WILDCAT SCHEDULE

Wintry White Fills the Air
While Prophets Promise
Warmer Weather.

While at sea transatlantic voyagers
have been passing through the unique
experience of hot rain and hail, New
York today got its first real cold snow.

There were feathery flakes in Harlem
yesterday that spread a fleecy carpet on
the pavement, which remained for a
brief while, and this morning there be-

gan falling what bore every semblance
of the real boreal article.

The weather prophets seem to have
gone agley. Instead of a rise in tem-
perature, there was a decided slump and
a frosty gale from the west. Possibly
some of the warmer currents were well
adrift, and that caused the bleak, win-
try clouds to shed fairy particles of ice.

Snow fell in Southern Jersey yester-
day afternoon and last night, and there
were heavy frosts as far south as the
Carolinas. This corner of the Atlantic
seaboard has experienced earlier snows,
but not a colder Nov. 5 than yesterday
since 1882 and today gave promise of
hanging up another record.

FRANK SEMPLE, SUPERVISOR
OF THAW ESTATE, DEAD.

PITTSBURGH, Nov. 6.—Frank Semple,
sixty-seven years old, financier and phil-
anthropist, who had charge of the Wil-
liam Thaw estate since Mr. Thaw's
death, is dead here today of pneumonia.

Mr. Semple had large interests in sev-
eral of the strongest banks and com-
mercial enterprises in Pennsylvania. He
was also deeply interested in a number
of civic organizations.

EXPLOSIONS COME WITH
EARTHQUAKE IN GERMANY.

Scores of Shocks Daily at Plauen,
Interspersed With Violent
Tremors That Terrify.

PLAUEN, Germany, Nov. 6.—The most
violent earthquake ever experienced
here terrified the inhabitants of the
city at 5:40 A. M. today. Houses were
shaken and the people fled panic-
stricken into the streets. The shock,
which lasted for several minutes, was
accompanied by sharp explosions and
thunderous rumblings in the earth.

Sixty or seventy earthquake shocks
have been felt here daily for the past
week. They are now becoming less fre-
quent, but more violent. The tempera-
ture of medicinal springs in the vicinity
has increased fifteen degrees.

DIES IN NINETY-SIXTH YEAR.

Isaac Pardee Williams died at the
home of his daughter, Mrs. Thomas D.
Anderson, No. 32 Belleville avenue,
Bloomfield, N. J., yesterday, after a
few days' illness, in his ninety-sixth
year. Mr. Williams was born in Essex,
Conn.

FELL DEAD ON SIDEWALK.

An unidentified man died suddenly on
the walk in front of No. 42 Grand street
at noon today. He was fifty-five years
old and was dressed in a suit of the in-
digo blue of the 1880s. He had been an-
nounced, and in his pocket was a small
val of medicine bearing the name
"Feldman," and prescribed from Mount
Sinai Hospital.

THREE CAPTAINS FINED.

Police Commissioneringham yester-
day fined Capt. John Dyer, of the West
forty-seventh street station, and Capt.
Michael Carey, of the West sixteenth
street station, each ten days' pay, for
disobeying an order of Inspector Walske
to let a car pass. Capt. Thomas
Murphy, of the West Thirtieth street
station, was fined five days' pay for
disobeying a similar order.

Don't Poison Baby.

Forty years ago almost every mother thought her child must have
FARGORIC or lundinum to make it sleep. These drugs will produce
sleep, and a few drops too many will produce the SLEEP
FROM WHICH THERE IS NO WAKING. Many are the children who
have been killed or whose health has been ruined for life by paregoric, lund-
inum and morphine, each of which is a narcotic product of opium. Druggists
are prohibited from selling either of the narcotics named to children at all, or
to anybody without labelling them "poison." The definition of "narcotic"
is: "A medicine which relieves pain and produces sleep, but which in poison-
ous doses produces stupor, coma, convulsions and death." The taste and
smell of medicines containing opium are disguised, and sold under the names
of "Drops," "Cordials," "Soothing Syrups," etc. You should not permit any
medicine to be given to your children without you or your physician know
of what it is composed. CASTORIA DOES NOT
CONTAIN NARCOTICS, if it bears the signature
of Chas. H. Fletcher.
